

EXHALE
Bladeless Ceiling Fan

Distributing air evenly throughout a space, Exhale's Bladeless Ceiling Fan silently ventilates entire rooms whilst eliminating moisture that could lead to mould and bacteria. With the airflow directed around a 360° arc as opposed to the traditional downward configuration, engineers have worked to ensure that there are no visible screws or bolts, making the fan as decorative as it is functional.

TECE
TeceFilo

A cover plate for Tece's urinal electronics, TeceFilo can match a wide variety of the brand's flush systems and is available in stainless steel, glass and plastic. With its minimalist design and anti-fingerprint coating, the plate can be applied flat against a wall whilst the glass and plastic versions can be embedded. Running from mains or battery power, TeceFilo also features functions that save water and increase hygiene.

JC HOSPITALITY
Natural Cocktail Table

Inspired by natural island elements, JC Hospitality's Natural Cocktail Table is put through a coating process to protect it from outdoor climates. The solid antique brass table features a marble top with vein and mineral details, and with a low rise form is suitable for both indoor and outdoor use. The wider collection is characterised by neutral colours and hand-woven rattan.

HECTOR FINCH
Tom Wall Light

Hector Finch's Tom Wall Light is a retro-inspired fitting combining style with simplicity. Featuring a spun aluminium shade that can be custom painted to suit any project, the shade is attached to a brass arm on a swivel joint that can also be custom coloured. The Tom Wall Light can be used as a wall mounted desk lamp, over a bed as a reading lamp, or as a picture light. The range is available in reading light and swing arm models.
